

ITI Limited Observes National Fire Service Week

ITI Limited observed National Fire Service Week across its Plants/Units from April 14 to 20, 2019. National Fire Service Day/Week is observed in memory of those brave firefighters, who sacrificed their lives in the line of duty in a rescue operation in Mumbai on April 14, 1944. As a part of National Fire Service Week celebration, ITI Corporate Office organized a fire fighting training programme for employees to create awareness of fire, its hazards and prevention of fire in office/factory on April 19, 2019.

Speaking on the occasion, Shri Shashi Prakash Gupta, Director (HR), ITI Limited emphasized on the importance of observing fire safety at work places, factory and also at other places including homes. He reiterated that fire incidences can be avoided by taking simple and small steps towards fire safety in our day-to-day lifestyle.

Shri Govinda Swamy, Fire Officer, Mahadevapura Fire Station spoke about mechanism of fire formation, fire prevention practices, dealing with different classes of fire and stressed that most of the fire accidents happen due to electrical short-circuits, leakage of gas cylinders and lack of awareness on safety measures & negligence.

The officials educated the employees how to take safety measures and to prevent fire accidents at work places and homes and also made live demonstration.
