PRESS RELEASE

ITI Limited to Showcase its Technology, Manufacturing and Services Capabilities at Strategic Electronics Summit 2024

Bengaluru: ITI Limited is delighted to participate in 13th edition of **Strategic Electronics Summit 2024 (SES 2024)**, India's premier event for promoting indigenous Strategic Electronics Industry. The event, being organised by Electronic Industries Association of India (ELCINA), is scheduled to be held from 17th-18th July 2024 at The Lalit Ashok Hotel, Bengaluru.

ITI Limited will demonstrate its cutting-edge technology manufacturing expertise alongside 100 plus exhibitors who have signed up to take part in the event. SES is a well-recognized and valuable platform for showcasing equipment and technology for the Army, Air Force, Security & Surveillance, Navy and Space sectors and has consistently attracted large presence of all stakeholders. As part of the two-day program, ITI Limited will be meeting prospective clients, partners, and collaborators and will look to forge lasting collaborations.

ITI Limited will be showcasing defence security encryption products, optical and data network products and passive infrastructure products such as Gigabit Passive Optical Network (GPON) and Manage Leased Line Products (MLLN), Multi-capacity Encryption Units, products such as Smart Energy Meters, Smart Cards, Solar Panels, Set-top Boxes and Mini Personal Computers and Internet of Things (IoT) products. ITI Limited has rich experience of serving defence and aviation clients.

The Company is successfully executing project for upgradation IAF's 3G network to 4G network, and also has been serving the Indian Army through various projects. The Company is also executing upgradation of OPS of Data Centre at 6 locations for IAF. ITI Limited had successfully executed the first 3 phases of ASCON project for Indian Army. Now the Company is providing services to maintain the ASCON network.

Speaking on this occasion, **Mr. Rajesh Rai, Chairman and Managing Director of ITI Limited** said, “ITI Limited brings a whole range of electronic/telecom manufacturing and digitalized solutions & services based on modern technology, ranging from PCB manufacturing to 3D printing and from Digital Mobile Radio to Data Centres. We are very happy to be a part of **SES 2024** and be a part of illustrious list of exhibitors. I feel this is a great platform to showcase our wide portfolio of products and we will definitely look to forge partnerships with other like-minded technology players.”

ITI Limited has indigenously developed Digital Mobile Radio (DMR). This device uses digital technology along with a time division approach to enable greater levels of efficiency and performance along with improved spectrum usage. DMR aims to provide an affordable, low-complexity digital standard to replace analog radio. DMR based VHF/UHF radios are used in many applications such as military communications, police, railways, public safety, traffic control, disaster management, industrial security and communications etc. The VHF/UHF radio can be used in direct-to-direct communication in Tier I, Tier II or in multi-site environment in Tier II, Tier III modes.

In Space sector, ITI Limited’s Palakkad Plant has been appreciated by ISRO for realizing the flight packages with respect to launch of LVM3 M2/OneWeb India-1 Mission in a time bound manner meeting all Vikram Sarabhai Space Centre (VSSC) quality norms. Also, ITI Limited recently signed Memorandums of Understanding (MoU)s with Lekha Wireless, Niral Networks, and InstaICT Solution Private Limited to create and manage entire Private 5G ecosystem for an enterprise, i.e. plan, design, deploy, implement and manage. Further, ITI Limited has NABL accredited **EMI/EMC, Safety Test Labs & Environmental Labs capability** to serve customers from various sectors like telecom, industrial, medical, commercial, defence, and so on.

ITI Limited is participating as an Exhibitor at SES 2024 at **Stall Nos. A16 & A17 (Kalinga Hall)** - https://ses-india.in/assets/doc/Kalinga_hall.pdf

About ITI Limited

ITI Limited, country’s premier telecom company and multi-unit central public sector undertaking, is a total solutions provider in telecommunications segment. The company has state-of-art manufacturing facilities in six locations (Bengaluru, Naini, Raebareli, Mankapur, Srinagar and Palakkad) along with an in-house R&D centre in Bengaluru and marketing, sales & projects (MSP) offices spread across the country.

The Company offers complete range of telecom products covering the whole spectrum of switching, transmission, and access & subscriber premises equipment. Besides offering the latest telecom solutions and customized support to a variety of business, ITI Ltd has dedicated Network System Unit (NSU) for carrying out installation and commissioning of equipment and for undertaking turnkey projects. ITI Ltd is focused on manufacturing of diversified products in defense and railway sectors and the manufacturing of solar equipment, NGN products, GPON, LED lighting systems, optical products, PMP microwave along with other allied products like HDPE, OFC, LI-ION batteries, smart cards, defense equipment, Wi-Fi etc. The company is also consolidating more of its diversifications into defense, IOT, E-governance, IT projects and services sector to gain competitive edge. The company is also successfully running state-of-art Data Centre at Bengaluru unit and offering its services to government institutions/departments, banks etc. To know more, please visit www.itilttd.in
