## ITI Celebrates 61st Kannada Rajyotsava

ITI employees celebrated 61st Karnataka Rajyotsava marking the Foundation Day of the State of Karnataka with great enthusiasm and fervor at the Bangalore plant on November 25, 2016. It was indeed a moment of pride and admiration for all which reflects the sentiments of the Kannadigas. On November 1, 1956 all the Kannada-language speaking regions of South India were unified to form a State and was named 'Mysore', which was that of the erstwhile princely state which formed the core of the new entity which was renamed as 'Karnataka' during 1973. It is day to remember and celebrate the great contributions in the field of art, culture, literature, science, history and sports of the State. Shri Aluru Venkata Rao, Shri K Shivaram Karanth, Shri Kuvempu, Shri Masti Venkatesha Iyengar, Shri A N Krishna Rao and Shri B M Srikantaiah immensely contributed to the formation of State of Karnataka. On this occasion, rich tributes were paid to the state founders and contributors to the formation of the State and conserving the distinct art and culture, diverse linguistic and religious ethnicity.

Shri P K Gupta, CMD, Dr. Janaki Ananthakrishnan, Director (Finance), Shri K Alagesan, Director (Production), Guests of Honor and distinguished guests were present at the event to pay tribute to the founders of the State and shared their joy of expression. The event witnessed a series of cultural programs including dances and songs performed by ITI School students and employees. On the occasion, all the dignitaries and guests were felicitated with 'Mysore Peta' by Employees Union and Officers Association, who further shared their expressions for the State formation and the contributions that ITI has made in the lives of people across the State.

## In-House Training program for ISO 9001:2015 at ITI Mankapur

Five days in-house training program for migration of ISO from ISO 9001:2008 to ISO 9001:2015 was organized by NVT Quality Certification, Bangalore and 1st Surveillance Audit of ISO 9001:2015 was organized at ITI, Mankapur plant from 15th November 2016 to 19th November 2016. Around 20 internal auditees from various departments attended the training program conducted by Shri Vijay Mathur, Lead Auditor NVT, QC Bangalore. Internal Audit process focused on the introduction of new terminology, restructuring some of the information, an emphasis on risk-based thinking to enhance the application of the process approach, improved applicability for services and increased leadership requirements. At Mankapur plant, ISO 9001:2008 Certificate is valid up to September 2018. As per the ISO 9001 standards it is mandatory for all organizations to transit from ISO 9001:2008 to ISO 9001:2015 before the validity of the certificate expires. Mankapur plant has done the restructuring of the important documents, information and procedures as per the ISO 9001:2015 norms within a short period of time and NVT-QC has approved Audit report and recommended ITI Mankapur plant for ISO 9001:2015 Certification on December 1, 2016.

## ITI Palakkad, successfully completes Aadhaar Seeding project

Palakkad plant has successfully completed the Aadhaar Seeding project awarded by Kerala State Government for updating the NPR Database with Aadhaar Number for a total population of 3.4 Crore. The O/o RGI had entrusted the work of seeding the Aadhaar number in NPR database to the State Governments and Kerala State Government had awarded this NPR Aadhaar work to ITI Palakkad for seeding of Aadhaar number and Data verification in NPR database.

Under Marine Fisheries Identity Cards (MFID) project, Palakkad has completed data digitization for around 7.6 Lakh population and supplied almost 5.1 lakh Smart Identity Cards to Marine Fishermen of respective States of Kerala, Maharashtra, Goa, Lakshadweep and West Bengal. In addition, supplied 1714 numbers of Biometric Smart Card Readers for reading the Smart Identity Cards and checking the authentication of identity of the fishermen. The scope of MFID project of Department of Animal Husbandry, Dairy and Fisheries includes data digitization and

biometric enrollment, followed by issuance of Smart Identity Cards to the Marine Fishermen of India. Palakkad plant has organized the collection of database, finger print, digital signature, photo and personal details of the Marine Fishers at the identified Landing centers of the project sites by camp approach. The data captured as part of enrollment subjected to de-duplication check prior to the manufacturing of Smart Cards to avoid data duplication and stored in a chip, which can be retrieved with the help of a Biometric Smart Card Reader for authentication.

## ITI Palakkad forays into manufacturing of Smart Energy Meter

Palakkad plant has signed an MoU with Centre for Development of Advanced Computing (CDAC), Thiruvanathapuram for the Transfer of Technology and Manufacturing of Smart Energy Meter for Indian Power Network conforming to the technical specifications outlined for Advance Metering Infrastructure. Shri J Premchand, AGM-PKD, Unit Head received a prototype of the AMI - Smart Energy Meter from CDAC Team. The preliminary activities for productionisation of the pilot batch are in progress.
