## ITI Limited Receives Appreciation from ISRO During Successful Launch of NISAR Satellite in GSLV F16

ITI Limited, country's first PSU post-independence and premier telecom manufacturing company has been appreciated by ISRO for realisation of Avionics Systems with respect to successful launch of NISAR satellite in GSLV F16 in a time bound manner meeting all Vikram Sarabhai Space Centre (VSSC) quality norms on July 30, 2025. The ISRO-NASA NISAR (NASA-ISRO Synthetic Aperture Radar) satellite was successfully launched from the Satish Dhawan Space Centre in Sriharikota on July 30, 2025. The launch was carried out by ISRO's GSLV-F16 rocket, which precisely injected the 2,393 kg satellite into its intended orbit. This

was made possible by ISRO with the participation of many external partners. ITI Palakkad Plant is one major industry partner which VSSC has been depending on consistently for the realization of Avionics packages. 28 Avionics Packages and 18 HMSA packages (Head-end Mounted Safe Arm) fabricated by ITI Limited, Palakkad have successfully flown in NISAR satellite in GSLV F16. This mission is a significant milestone as it is the first joint Earth-observing mission between NASA and ISRO. The successful launch of NISAR satellite in GSLV F16 holds significance as this sophisticated earth observation satellite has been jointly developed by NASA & ISRO to study changes on the earth's surface in fine detail using dual-band radar and to receive high speed data. With a total cost estimated at US\$1.5 billion, NISAR is likely to be the world's most expensive Earth-imaging satellite.

Speaking on the occasion, Shri Rajesh Rai, Chairman and Managing Director, ITI Limited said, "It is a very proud moment for ITI Limited, to receive this Appreciation from ISRO. We have the state-of-the-art manufacturing capabilities and the fact that ISRO has consistently reposed its trust on ITI Limited is a shining testimony to the top-quality work ITI Palakkad Plant has been delivering. ITI Limited has earlier supported ISRO in its launch missions like LVM3 M2/One Web India-1 Mission, Chandrayaan, Mangalyaan, Aditya L1 etc. and it gives us immense pride that ISRO looks at us as a dependable partner. We look forward to partner with ISRO for many more missions to come including Gaganyaan, the prestigious manned mission of ISRO".

Shri Rai further added that, "This successful launch of NISAR reinforces our unwavering commitment to help and partner with organisations that are pushing the frontiers of technology and making India proud".

Ms Sheena Abraham, Group Director, Electronics Production Group, ESAE (ISRO - Electronics Systems Actuators Entity), remarked that, "The unwavering support of Industries to VSSC personnel for

realisation of Avionics systems by adhering to the standards of ISRO contributed to the success of this joint venture. We laud the efforts of Team ITI, Palakkad in the fabrication and testing of some of the Avionics Packages for GSLV F16. We commend ITI's role and dedication in making this mission a grand success and envisage its support in all future ventures". ITI Limited has consistently been receiving appreciations from ISRO, and has now established itself as its 'trusted partner' for supporting it in realization of its flight packages with respect to launch of its many space missions.

## **ITI Limited Secures Empanelment from Guj Info Petro Limited (GIPL) for two IT Implementation Projects**

ITI Limited, country's first PSU post-independence and premier telecom manufacturing company has secured Empanelment as System Integrator for implementation of IT infrastructure related projects on behalf of Guj Info Petro Limited (GIPL). The Empanelment is for two transformative initiatives which include IT infrastructure implementation, and the establishment of a cutting-edge Cyber Security Operation Centre (SOC) in Gandhinagar, Gujarat. The period of Empanelment is 36 months from the date of receipt of LOI and the value of the project is approximately Rs. 110 Crore.

As per the Empanelment, for IT Infrastructure Implementation - ITI Limited will serve as a System Integrator for GIPL implementing the state-of-the-art IT infrastructure solutions across various projects and for Cyber Security Operation Centre (SOC) - ITI Limited is empanelled to establish, monitor and manage a comprehensive SOC at GIPL's Data Center located at Infocity, Gandhinagar.

With these strategic IT contracts, ITI Limited is at the forefront of Gujarat's digital transformation by designing and deploying robust IT infrastructure, empowering government and enterprise clients with reliable, modern digital environments. The SOC will take charge of advanced cyber security operations to safeguard digital assets and ensure uninterrupted, secure services at GIPL's critical data infrastructure. With these two contracts, ITI Limited Ahmedabad aspires to play a major role in the fast-evolving IT ecosystem in Gujarat by driving digital modernization through accelerating digital transformation for public sector clients and GIPL's partners. This project of GIPL also aims to raise the standard for proactive cyber risk monitoring, management, and response across the state's digital infrastructure by fortifying its cyber security. ITI Limited will support Gujarat's journey towards a secure, connected, and digitally empowered governance and business environment.

Speaking on the occasion, Shri Rajesh Rai, Chairman and Managing Director, ITI Limited said that, "ITI Limited is pleased to partner with GIPL and our successful empanelment reflects ITI's position as a trusted and effective IT solutions provider to our clients. This new development presents significant

opportunities, and we are excited to spread our wings in Gujarat”. Shri Rai further added, “ITI Limited’s empanelment with GIPL marks a significant milestone as ITI will enter the challenging cyber security SOC segment. This accomplishment demonstrates ITI's commitment to supporting clients with best-in-class technology solutions. Our goal is to deliver customer delight by offering our clients cost-effective cutting-edge solutions”.

ITI Limited is currently handling projects worth more than Rs. 1,200 Crore in Gujarat state and has successfully implemented Broadband Connectivity to Panchayats by connecting 4271 Gram Panchayats under Package-A of GUJNET project through a GUJARAT State SPV, GFGNL. Package-A and NOC of the whole network is being maintained by ITI for the last 4 years successfully. Apart from above, ITI Limited has also implemented projects with GIDC (Gujarat Industrial Development Corporation) worth Rs. 107 Crore during FY 2023-24 and 2024-25 for modernization of ICCC at Sanand and Bharuch industrial areas of Gujarat state. LED Displays at various locations have also been installed under this project at various locations for public awareness.
