ITI Limited Manufactures Face Shields- Joins Fight Against COVID-19

Protects frontline workers; Supplements Atma Nirbhar Bharat Abhiyan of Govt of India.

Established manufacturing facility with capacity of 15,000 - 20,000 face shields per day to be enhanced in the coming days.

Complementary Face shields to Hospitals, Civic Bodies, Police Personnel, NGOs, Educational Institutes etc.

Face shield manufactured by ITI Ltd.

To strengthen the objective of Government of India's, Atma Nirbhar Bharat Abhiyan and to prevent the spread of Coronavirus, ITI Limited has started manufacturing of Face Shield at its Bengaluru based unit. The 3D designed unique and safe face shield provides complete protection to facial area including

eyes, nose and mouth from sprays and droplets. The indigenous face shield also provides hassle free respiration and very convenient to use. Commenting on the innovative steps taken by the company Mr. R. M. Agarwal, CMD, ITI Limited said, "ITI has joined the fight against coronavirus as the number of positive cases in the country are increasing everyday and being country's first PSU

we have an obligation to extend help to corona warriors across the country. The company is now capable of producing 5,00,000 face shields monthly which may be extended to 15,00,000 face shields per month in the coming days. 'In the first phase, the company is providing these face shields to various healthcare setups, educational institutes, NGOs and local administrations on complementary basis. In the second phase, we are planning to provide these to various organisations such as airports, municipal corporations, police departments, state governments, corporates etc.', Mr. Agarwal further added.
