ITI bags ₹433 crore order from TN govt unit

STATESMAN NEWS SERVICE
BENGALURU, 20 DECEMBER

Multi-technology public sector major ITI Limited, has received a Rs 433 crore order from the Tamil Nadu Fibrenet Corporation Limited, a unit of the Tamil Nadu government.

The order relates to Bharat Net Phase-II programme in Tamil Nadu and would be implemented within 360 days, followed by three years for operations and maintenance from the date the project goes live, according to ITI Ltd.

The scope of work includes planning, survey, supply, installation, commissioning and testing to end to end inte-

gration of optical fibre network. This is in addition to electronics for broadband connectivity under the Bharat Net phase-2.

As part of this package, ITI Limited would be covering

10 districts, 109 blocks, 3103 gram panchayats and 845 revenue villages across Tamil Nadu. It would also provide a minimum of 1 Gbps bandwidth service.

The package also includes

radio connectivity for gram panchayats which cannot be connected through fibre, implementation of horizontal connectivity to government premises, schools, and primary health centres.

Around 15000 kms of fibre cable would also be laid, including underground and aerial to connect gram panchayats with blocks, district centres and state headquarters.

According to Rakesh Mohan Agarwal, chairman and managing director, ITI Limited, high-speed internet will be a big boon for students in rural areas, addressing issues like digital-divide among rural population.

THE HINDU

ITI receives ₹433 cr. work order from Tamil Nadu

SPECIAL
CORRESPONDENT
BENGALURU

Multitechnology public sector firm ITI Ltd. on Monday said it received a ₹432.97 crore work order from Tamil Nadu Fibrenet Corporation Limited, a Government of Tamil Nadu undertaking, to implement phase-II of BharatNet in the State.

The scope of the work includes various works for broadband connectivity under BharatNet Phase-II in Tamil Nadu for Package D, as per an ITI media statement.

As the contract, ITI would be covering 10 districts, 109 blocks, 3103 Gram Panchayats and 845 revenue villages across the length and breadth of Tamil Nadu to provide a minimum of 1 Gbps bandwidth service.

The package would also include radio connectivity for Gram Panchayats that cannot be connected through fiber, implementation of horizontal connectivity to government premises, schools, and primary health centres (PHCs).

Around 15000 kilo metres of fiber cable would be laid, that includes underground and aerial fiber to connect Gram Panchayats with blocks, district centers, and state headquarter, said ITI.

BharatNet project is aimed at providing high-speed broadband connectivity to the 250,000 Gram Panchayats in the country in an effort to provide broadband connectivity to all the villages in the country.

ITI Limited receives ₹433 cr worth order from TN government

National | BL Bengaluru Bureau December 20 | Updated on December 20, 2021

Rakesh Mohan Agarwal, CMD, ITI

As part of BharatNet Phase-II, to cover over 3,100-gram panchayats in ten districts providing a minimum of 1 Gbps bandwidth service.

Multi-technology public sector major ITI Limited has received a work order from the Tamil Nadu government undertaking TANFINET (Tamil Nadu Fibrenet Corporation Limited) regarding BharatNet Phase-II for Package D.

According to release, the contract's value is ₹432.97 crore and has to be implemented within 360 days, followed by three years for operations & maintenance from the date of 'Project Go-Live' under the delivery schedules.

The scope of work includes planning, survey, supply, installation, commissioning, testing, end-to-end integration, operation & maintenance of Optical Fibre Network (OFN), and Electronics for Broadband connectivity under BharatNet Phase- II in Tamil Nadu for Package D. As part of this package, ITI will be covering ten districts surrounding 109 blocks, 3,103 gram panchayats, 845 revenue villages across the length and breadth of Tamil Nadu state providing a minimum of 1 Gbps bandwidth service.

The package also includes radio connectivity for Gram Panchayats that cannot be connected through fibre, implementation of horizontal connectivity to government premises, schools, and primary health centres (PHCs). Around 15,000 km of fibre cable will be laid, including underground and aerial fibre to connect Gram Panchayats with blocks, district centres, and state headquarter.

ITI Limited said that it has vast experience in executing OFN work around India, and is already successfully executing OFN works worth around ₹4,500 crore in Maharashtra and Gujarat. ITI Limited is the Project Implementation Agency (PIA) for MahaNet-I (BharatNet Phase II) in Maharashtra. In Gujarat, ITI Limited is executing two packages of BharatNet Phase II for Gujarat fibre Grid Network Ltd (GFGNL).

Commenting on winning the order, Rakesh Mohan Agarwal, Chairman & Managing Director, ITI Limited said, “We are proud to be a partner of Government of Tamil Nadu which aims to empower rural Tamil Nadu and create jobs, opportunities, and growth. High-speed internet will be a big boon for students in rural areas, and will contribute towards addressing issues like digital-divide among rural population.”

Emphasising ITI’s contribution to the BharatNet project, Agarwal said, "ITI has implemented BharatNet Phase I in several states and TANFINET project gives us an opportunity to scale up our contribution further. We are focused on assisting Govt. of India in its initiatives like Make-in-India, Digital-India, and Smart City missions.”

BharatNet project aims to provide high-speed broadband connectivity to the 250,000 Gram Panchayats in the country to provide broadband connectivity to all the villages in the country.

"The value of the contract is Rs 432.97 crores and has to be implemented within a time period of 360 days, followed by three years for operations & maintenance from the date of 'Project Go-Live' in accordance with the delivery schedules", ITI said in an official statement.

The scope of work includes planning, survey, supply, installation, commissioning, testing, end-to-end integration, operation & maintenance of Optical Fibre Network (OFN), and electronics for broadband connectivity under BharatNet Phase-II in Tamil Nadu for Package D. As part of this Package, ITI Limited will be covering 10 districts, 109 blocks, 3,103 Gram Panchayats and 845 Revenue villages across the length and breadth of Tamil Nadu state providing a minimum of 1 Gbps bandwidth service.

The Package also includes radio connectivity for Gram Panchayats that cannot be connected through fibre, implementation of horizontal connectivity to government premises, schools, and primary health centres (PHCs). Around 15,000 kms of fibre cable will be laid, which includes underground and aerial fibre to connect Gram Panchayats with blocks, district centres, and state headquarter.

ITI's experience in executing OFN network

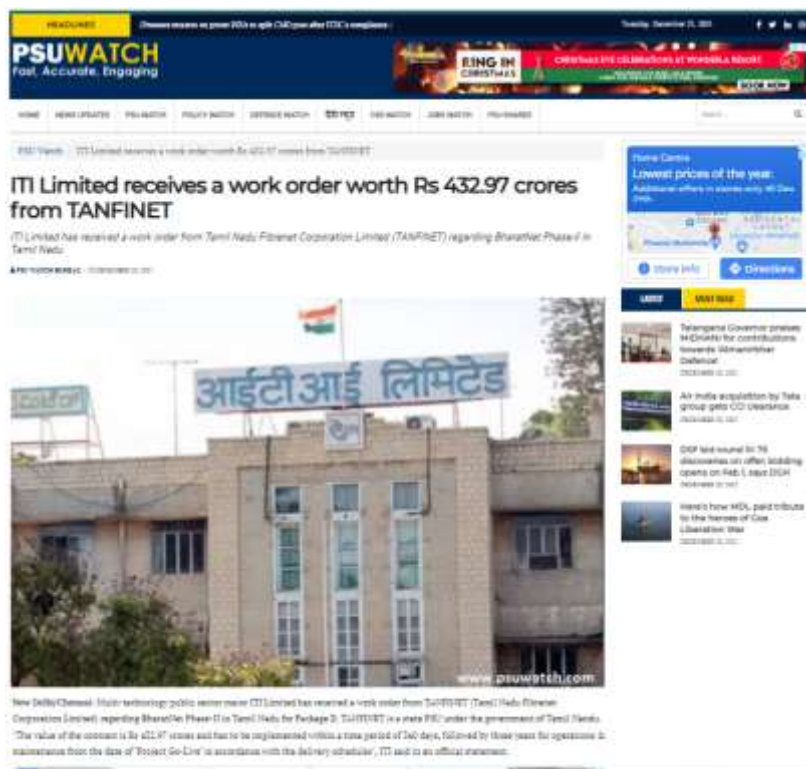

ITI Limited has vast experience in executing OFN work around India and is already successfully executing OFN works worth around Rs 4500 Crores in the states of Maharashtra and Gujarat. ITI Limited is the project implementation agency (PIA) for MahaNet-I (BharatNet Phase II) in Maharashtra. In Gujarat, ITI Limited is executing two packages of BharatNet Phase II, for Gujarat Fiber Grid Network Ltd (GFGNL).

Speaking on this ITI Limited's Chairman & Managing Director (CMD) Rakesh Mohan Agarwal said, "We are proud to be a partner of Government of Tamil Nadu which aims to empower rural Tamil Nadu and create jobs, opportunities, and growth. High-speed internet will be a big boon for students in rural areas, and will contribute towards addressing issues like digital-divide among the rural population," Agarwal added.

What is BharatNet project?

BharatNet project is aimed at providing high-speed broadband connectivity to the 250,000 Gram Panchayats in the country in an effort to provide broadband connectivity to all the villages in the country.

Emphasizing ITI's contribution to the BharatNet project, Agarwal said, "ITI has implemented BharatNet Phase I in several states and TANFINET project gives us an opportunity to scale up our contribution further. "We are focused on assisting Govt. of India in its initiatives like Make-in-India, Digital-India, and Smart City missions," Agarwal added.

आईटीआई लि. को तमिलनाडु सरकार से 432.97 करोड़ रुपए का वर्क ऑर्डर मिला

हाई-स्पीड इंटरनेट ग्रामीण क्षेत्रों में विद्यार्थियों के लिए बड़ा वरदान होगा

By DB NewsDesk Mon, 20 Dec 2021

इस पैकेज के हिस्से के रूप में, आईटीआई लिमिटेड तमिलनाडु के 10 जिलों / 109 ब्लॉक / 3,103 ग्राम पंचायतों / 845 राजस्व गांवों को कवर करेगी और न्यूनतम 1 जीबीपीएस बैंडविड्थ सेवा प्रदान करेगी

चेन्नई/बेंगलूरु/दक्षिण भारत। सार्वजनिक क्षेत्र की प्रमुख मल्टी-टेक्नोलॉजी कंपनी आईटीआई लिमिटेड को पैकेज डी के लिए तमिलनाडु में भारतनेट चरण-1। के संबंध में टैनफिनेट से वर्क ऑर्डर मिला है।

कांट्रैक्ट की कीमत 432.97 करोड़ रुपए है और इसे 360 दिनों की समयावधि के भीतर लागू किया जाना है। इसके बाद डिलीवरी शेड्यूल के अनुसार 'प्रोजेक्ट गो-लाइव' की तारीख से संचालन और रखरखाव के लिए तीन साल का समय है।

तमिलनाडु में भारतनेट चरण-11 के तहत ब्रॉडबैंड कनेक्टिविटी के लिए योजना, सर्वेक्षण, आपूर्ति, स्थापना, कमीशनिंग, परीक्षण, एंड-टू-एंड इंटीग्रेशन, ऑपरेशन और रखरखाव के लिए ऑप्टिकल फाइबर नेटवर्क (ओएफएन) और इलेक्ट्रॉनिक्स के काम के दायरे में शामिल हैं।

इस पैकेज के हिस्से के रूप में, आईटीआई लिमिटेड तमिलनाडु के 10 जिलों / 109 ब्लॉक / 3,103 ग्राम पंचायतों / 845 राजस्व गांवों को कवर करेगी और न्यूनतम 1 जीबीपीएस बैंडविड्थ सेवा प्रदान करेगी।

पैकेज में ग्राम पंचायतों के लिए रेडियो कनेक्टिविटी जिसे फाइबर के माध्यम से नहीं जोड़ा जा सकता है, सरकारी परिसरों, स्कूलों और प्राथमिक स्वास्थ्य केंद्रों के लिए क्षैतिज कनेक्टिविटी का कार्यान्वयन भी शामिल है। लगभग 15,000 किलोमीटर फाइबर केबल बिछाई जाएगी, जिसमें ग्राम पंचायतों को ब्लॉक, जिला केंद्रों और राज्य मुख्यालय से जोड़ने के लिए भूमिगत और हवाई फाइबर शामिल हैं।

आईटीआई लिमिटेड के पास भारतभर में ओएफएन कार्य निष्पादित करने का व्यापक अनुभव है, और पहले से ही महाराष्ट्र और गुजरात में लगभग 4,500 करोड़ रुपए के ओएफएन कार्यों को सफलतापूर्वक निष्पादित कर रही है।

इस अवसर पर आईटीआई लि. के अध्यक्ष और प्रबंध निदेशक राकेश मोहन अग्रवाल ने कहा, 'हमें तमिलनाडु सरकार का भागीदार होने पर गर्व है, जिसका उद्देश्य ग्रामीण तमिलनाडु को सशक्त बनाना और रोजगार और विकास के अवसर पैदा करना है। हाई-स्पीड इंटरनेट ग्रामीण क्षेत्रों में विद्यार्थियों के लिए बड़ा वरदान होगा।'

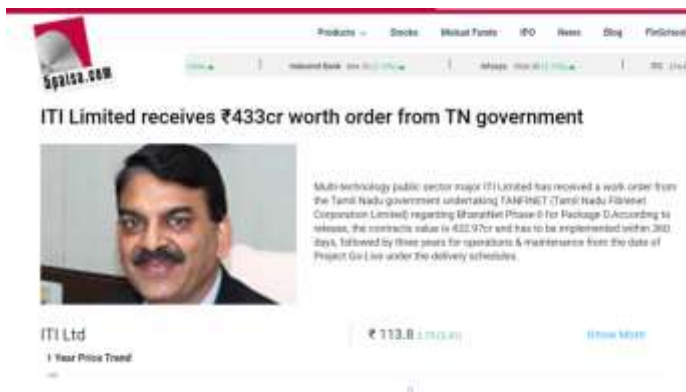

भारतनेट परियोजना का उद्देश्य देश के सभी गांवों को ब्रॉडबैंड कनेक्टिविटी प्रदान करने के प्रयास में 250,000 ग्राम पंचायतों को उच्च गति ब्रॉडबैंड कनेक्टिविटी प्रदान करना है।
