ITI Limited announces new cloud services for customers

ITI Limited has launched its cloud services and solutions platform for central and state government entities, banks, public sector undertakings, small and medium enterprises and Start Ups in India.

The newly launched Cloud services include Infrastructure as a Service (IaaS), Platform as a Service (PaaS), Software as a Service (SaaS) and Storage as a Service (STaaS). The Cloud facility is expected to achieve

optimum utilization of the infrastructure and speed up the development and deployment of various ICT-IOT based applications for customers. It would also help government and non-government enterprises to procure ICT services on demand.

To host these services from Data Center, ITI has signed an agreement with Connectivity IT Solutions Private Limited (CS) where ITI will host the cloud at its datacenter facility while CS will support with Cloud infrastructure, R&D capabilities and technical manpower.

ITI's data centre is equipped to host, operate and administer an authentication portal with services like Authentication User Agency, Authentication Service Agency, KYC Service Agency etc. on the SaaS model.
