बेंगलूरु/नैनी। आईटीआई लिमिटेड को सोलर स्ट्रीट लाइट सिस्टम की स्थापना के लिए बिहार नवीकरणीय ऊर्जा विकास प्राधिकरण (बीआरईडीए) से 37.5 करोड़ रुपये के एलओआई मिले हैं। इस संबंध में जानकारी देते हुए बताया गया कि आईटीआई लि. की नैनी यूनिट को मुख्यमंत्री ग्रामीण सोलर स्ट्रीट लाइट योजना के तहत डीपीआरओ कटिहार से 2,800 सोलर स्ट्रीटलाइट सिस्टम के रिमोट मॉनिटरिंग सिस्टम (आरएमएस) सहित व्यापक रखरखाव अनुबंध (5 साल के लिए सीएमसी) के साथ

डिजाइन, आपूर्ति, स्थापना, परीक्षण और कमीशनिंग के लिए 8.58 करोड़ रुपये का एलओआई मिला है।

इसी तरह आईटीआई लि. की नैनी यूनिट को डीपीआरओ कटिहार से 94,40 सोलर स्ट्रीट लाइट सिस्टम के रिमोट मॉनिटरिंग सिस्टम (आरएमएस) सहित व्यापक रखरखाव अनुबंध (5 साल के लिए सीएमसी) के साथ डिजाइन, आपूर्ति, स्थापना, परीक्षण और कमीशनिंग के लिए 28.94 करोड़ रुपये का एक और एलओआई मिला है। उपर्युक्त सिस्टम बिहार नवीकरणीय

ऊर्जा विकास प्राधिकरण की देखरेख में स्थापित किए जाने हैं। सोलर स्ट्रीट लाइट सिस्टम के प्रमुख घटक सोलर पीवी मॉड्यूल, सोलर बैटरी, एलईडी ल्यूमिनरीज, मॉड्यूलिंग स्ट्रक्चर, सिस्टम का संचालन (बीओएस) हैं। इस साझेदारी पर टिप्पणी करते हुए आईटीआई लि. के अध्यक्ष और प्रबंध

निदेशक राजेश राय ने कहा, 'आईटीआई लि. को टिकाऊ सौर ऊर्जा के साथ सड़कों को रोशन करने में मदद करने के लिए बिहार सरकार के बीआरईडीए के साथ साझेदारी करने पर गर्व है।' उन्होंने कहा, 'यह परियोजना स्थिरता और

जीवंत ग्रामीण वातावरण बनाने के प्रति हमारी प्रतिबद्धता का प्रमाण है। यह परियोजना वहां के सौंदर्य को बढ़ाएगी और हरित कल के लिए अत्याधुनिक प्रकाश समाधान उपलब्ध कराएगी।' राय ने कहा, 'आईटीआई लि. ने पिछले साल से बिहार में सोलर स्ट्रीट लाइट सिस्टम की सफलतापूर्वक आपूर्ति और स्थापना का समृद्ध अनुभव हासिल किया है।'

आईटीआई लि. की नैनी यूनिट पहले से ही सौर पैनलों का निर्माण कर रही है। वार्षिक उत्पादन के संदर्भ में, नैनी यूनिट के सौर पैनलों का निर्माण हर वर्ष लगभग 55,000 पैनल तक है। बढ़ी हुई क्षमता (500 मेगावॉट) के साथ, यूनिट हर वर्ष लगभग 15,00,000 पैनल का निर्माण शुरू करेगी।

## ITI Limited secures ₹37.5 crore for solar street light systems in Bihar

Updated - May 17, 2024 at 11:48 AM. | Bengaluru

*ITI Limited receives orders worth ₹37.5 Crore from Bihar Renewable Energy Development Authority (BREDA) for installation of Solar Street light Systems.*

BY BL BENGALURU BUREAU

ITI Limited, a telecom manufacturing company, has received LoIs (letter of intent) worth ₹37.5 Crore from Bihar Renewable Energy Development Authority (BREDA) for installation of Solar Street light Systems.

ITI Limited's Naini Unit has received LOI for Design, Supply, Installation, Testing, and Commissioning with Comprehensive Maintenance Contract (CMC for 5 years) including Remote Monitoring System (RMS) of 2800 numbers of Solar Street Light Systems amounting to ₹8.58 Crore and another LoI of 9440 numbers of Solar Street light Systems amounting to ₹28.94 Crore, from DPRO Katihar, under the Mukhyamantri Gramin Solar Street Light Yojana.

The above-mentioned systems are to be installed under supervision of Bihar Renewable Energy Development Authority (BREDA) and the major Components of the Solar Street light Systems are Solar PV Module, Solar Batteries, LED Luminaries, Mounting Structures, and Balance of System (BOS).

Commenting on the partnership, Mr. Rajesh Rai, Chairman and Managing Director, ITI Limited, said, "ITI Limited is proud to partner with Government of Bihar's BREDA to help illuminate streets with sustainable solar energy. This project is a testament to our commitment to sustainability and creating vibrant rural environments. The project adds to the aesthetics there and provides cutting-edge lighting solutions for a greener tomorrow." Mr. Rai further added - "ITI Limited has acquired rich experience of successfully supplying and installing Solar Street Light System in the state of Bihar since last year."

The Naini Unit is already manufacturing solar panels which can harness solar power up to 400W. In terms of yearly production, Naini Unit manufactures solar panels, which can harness 18 MegaWatt (MW) of solar energy that comes to around 55,000 panels per year. With the enhanced capacity (500 MW), the unit will start manufacturing around 15,00,000 panels per year.

ITI Limited on Thursday said it has received Letter of Intent worth Rs. 37.5 crore from Bihar Renewable Energy Development Authority for installation of solar street light systems.

In a statement, the company said, ITI Limited's Naini unit has received the Letter of Intent (LOI) for design, supply, installation, testing, and commissioning with Comprehensive Maintenance Contract (CMC for five years) including remote monitoring system of 2,800 numbers of solar streetlight systems from DPRO Katihar amounting to Rs. 8.58 crore under Mukhyamantri Gramin Solar Street Light Yojana.

The Naini unit also received another LOI amounting to Rs. 28.94 crore, it said.

"These systems are to be installed under supervision of Bihar Renewable Energy Development Authority (BREDA) and the major components of the solar street light systems are solar PV module, solar batteries, LED luminaries, mounting structures, Balance of System (BOS)," the company said.

Rajesh Rai, Chairman and Managing Director, ITI Limited, said, "This project is a testament to our commitment to sustainability and creating vibrant rural environments. The project adds to the aesthetics and provides cutting-edge lighting solutions for a greener tomorrow."

According to ITI Limited, its Naini unit is already manufacturing solar panels which can harness solar power up to 400W.

In terms of yearly production, Naini Unit manufactures solar panels, which can harness 18 Mega Watt (MW) of solar energy that comes to around 55,000 panels per year. With the enhanced capacity (500 MW), the unit will start manufacturing around 15,00,000 panels per year.

**बंगलूरु/नैनी/दक्षिण भारत।** आईटीआई लिमिटेड को सोलर स्ट्रीट लाइट सिस्टम की स्थापना के लिए बिहार नवीकरणीय ऊर्जा विकास प्राधिकरण (बीआरईडीए) से 37.5 करोड़ रुपए के एलओआई मिले हैं।

इस संबंध में जानकारी देते हुए बताया गया कि आईटीआई लि. की नैनी यूनिट को मुख्यमंत्री ग्रामीण सोलर स्ट्रीट लाइट योजना के तहत डीपीआरओ कटिहार से 2,800 सोलर स्ट्रीटलाइट सिस्टम के रिमोट मॉनिटरिंग सिस्टम (आरएमएस) सहित व्यापक रखरखाव अनुबंध (5 साल के लिए सीएमसी) के साथ डिजाइन, आपूर्ति, स्थापना, परीक्षण और कमीशनिंग के लिए 8.58 करोड़ रुपए का एलओआई मिला है।

इसी तरह आईटीआई लि. की नैनी यूनिट को डीपीआरओ कटिहार से 94,40 सोलर स्ट्रीट लाइट सिस्टम के रिमोट मॉनिटरिंग सिस्टम (आरएमएस) सहित व्यापक रखरखाव अनुबंध (5 साल के लिए सीएमसी) के साथ डिजाइन, आपूर्ति, स्थापना, परीक्षण और कमीशनिंग के लिए 28.94 करोड़ रुपए का एक और एलओआई मिला है।

उपर्युक्त सिस्टम बिहार नवीकरणीय ऊर्जा विकास प्राधिकरण की देखरेख में स्थापित किए जाने हैं। सोलर स्ट्रीट लाइट सिस्टम के प्रमुख घटक सोलर पीवी मॉड्यूल, सोलर बैटरी, एलईडी ल्यूमिनरीज, माउंटिंग स्ट्रक्चर, सिस्टम का संतुलन (बीओएस) हैं।

इस साझेदारी पर टिप्पणी करते हुए आईटीआई लि. के अध्यक्ष और प्रबंध निदेशक राजेश राय ने कहा, 'आईटीआई लि. को टिकाऊ सौर ऊर्जा के साथ सड़कों को रोशन करने में मदद करने के लिए बिहार सरकार के बीआरडीए के साथ साझेदारी करने पर गर्व है।'

उन्होंने कहा, 'यह परियोजना स्थिरता और जीवंत ग्रामीण वातावरण बनाने के प्रति हमारी प्रतिबद्धता का प्रमाण है। यह परियोजना वहां के सौंदर्य को बढ़ाएगी और हरित कल के लिए अत्याधुनिक प्रकाश समाधान उपलब्ध कराएगी।'

राय ने कहा, 'आईटीआई लि. ने पिछले साल से बिहार में सोलर स्ट्रीट लाइट सिस्टम की सफलतापूर्वक आपूर्ति और स्थापना का समृद्ध अनुभव हासिल किया है।'

आईटीआई लि. की नैनी यूनिट पहले से ही सौर पैनलों का निर्माण कर रही है। वार्षिक उत्पादन के संदर्भ में, नैनी यूनिट के सौर पैनलों का निर्माण हर वर्ष लगभग 55,000 पैनल तक है। बढ़ी हुई क्षमता (500 मेगावॉट) के साथ, यूनिट हर वर्ष लगभग 15,00,000 पैनल का निर्माण शुरू करेगी।

## **ITI Limited Wins ₹37.5 Crore BREDA Contracts for Solar Street Lighting in Bihar**

By Sangita Shetty - 17th May 2024

ITI Limited, India's first post-Independence public sector undertaking and telecom manufacturing company, has secured Letters of Intent (LoIs) valued at ₹37.5 crore from

the Bihar Renewable Energy Development Authority (BREDA). The LoIs are for the installation of solar street light systems across Bihar.

The company's Naini Unit has received a significant portion of these LoIs. One LoI, worth ₹8.58 crore, is for the design, supply, installation, testing, and commissioning of 2,800 solar street light systems from DPRO Katihar. This project, under the Mukhyamantri Gramin Solar Street Light Yojana, includes a comprehensive maintenance contract (CMC) for five years and features a remote monitoring system (RMS).

Another LoI awarded to ITI's Naini Unit, amounting to ₹28.94 crore, covers the design, supply, installation, testing, and commissioning of 9,440 solar street light systems, also from DPRO Katihar and under the same Yojana. This project likewise includes a five-year CMC and RMS.

These installations will be carried out under the supervision of BREDA. The key components of the solar street light systems include solar PV modules, solar batteries, LED luminaires, mounting structures, and balance of system (BOS).

## **ITI Limited Secures ₹37.5 Crore Contract for Solar Street Light Systems in Bihar**

ITI Limited, a prominent telecom manufacturing company, has been awarded Letters of Intent (LoIs) worth ₹37.5 crore from the Bihar Renewable Energy Development Authority (BREDA) for the installation of solar street light systems.

ITI Limited's Naini Unit will oversee the design, supply, installation, testing, and commissioning of these systems. The project includes a comprehensive maintenance contract (CMC) for five years and a remote monitoring system (RMS). The first LoI, valued at ₹8.58 crore, involves the deployment of 2,800 solar street light systems. The second LoI, worth ₹28.94 crore, covers the installation of 9,440 solar street light systems, awarded by DPRO Katihar under the Mukhyamantri Gramin Solar Street Light Yojana.

These solar street light systems, supervised by BREDA, consist of solar PV modules, solar batteries, LED luminaires, mounting structures, and other balance of system (BOS) components.

Commenting on the partnership, Rajesh Rai, Chairman and Managing Director of ITI Limited, said, "ITI Limited is proud to partner with the Government of Bihar's BREDA to help illuminate streets with sustainable solar energy. This project is a testament to our commitment to sustainability and creating vibrant rural environments. The project not only adds to the aesthetics but also provides cutting-edge lighting solutions for a greener tomorrow." He further added, "ITI Limited has gained extensive experience in successfully supplying and installing solar street light systems in Bihar since last year."

The Naini Unit is already manufacturing solar panels capable of harnessing up to 400W of solar power. Annually, the unit produces panels that can generate 18 megawatts (MW) of solar energy, equating to around 55,000 panels per year. With an enhanced capacity of 500 MW, the unit aims to manufacture approximately 1.5 million panels per year.
